

START  
MUNICH

## HR Manager (Community)

The department "Human Resources" has the ultimate goal of making each member's time at START Munich as valuable as possible.

This includes welcoming new and unique people to the organization, simplifying communication and the exchange of knowledge among members and strengthening the network of existing members and alumni.

As Community Manager you can assume responsibility in these areas and thus contribute to the above-mentioned goal:

### Areas of responsibility:

- Collect and summarize Feedback from our members and come up with comprehensive plans to implement their Feedback
- Come up with comprehensive plans to engage our members and increase their commitment to START
- Help our members find their voice in our organization: We want everyone to feel heard and included. Find ways to simplify communication and knowledge exchange between members
- Help our members navigate through our:
  - offerings (explain to them what activities they can participate in and which events they can partake in)
  - tools (like Slack or our planned Intranet)

This is an excerpt of the areas which the Community Manager takes over independently and reliably.

### Your advantages

- greater learning opportunities: through active involvement in the organization you strengthen your soft & hard skills, broaden your horizons and discover new talents
- priority selection for events with limited tickets, e.g. exchange with other chapters or a trip to the USA

By applying for this position, you guarantee your commitment in the areas of responsibility of the "Community Manager" for the summer semester 2019.
