HR Manager (Talents)

The department "Human Resources" has the ultimate goal of making each member's time at START Munich as valuable as possible.

This includes welcoming new and unique people to the organization, simplifying communication and the exchange of knowledge among members and strengthening the network of existing members and alumni.

As Talent Manager you can assume responsibility in these areas and thus contribute to the above-mentioned goal:

Areas of responsibility:

- Develop a comprehensive plan to track our members' talents, skills, and interests (and implement that plan)
- Develop a comprehensive plan to form smaller groups of people with similar interests and diverse skills (and implement that plan).
We want to make it easier for our members to connect with people they are most likely to bond with based on similar interests.
- Create opportunities for our members to share their skills & know-how with other members by organizing Member-to-Members workshops or talks (in collaboration with the Events-Team)
- Create opportunities for our members to strengthen their talents and skills by organizing external workshops or mentoring (in collab. with the Events-Team)

This is an excerpt of the areas which the Talent Manager takes over independently and reliably.

Your advantages

- greater learning opportunities: through active involvement in the organization you strengthen your soft & hard skills, broaden your horizons and discover new talents
- priority selection for events with limited tickets, e.g. exchanges with other chapters or a trip to the USA

By applying for this position, you guarantee your commitment in the areas of responsibility of the "Talent Manager" for the summer semester 2019.
