Manager of External Cooperations and International Events

Operations is all about managing everything concerning our events while also being an interface between the other departments. We want to offer our members the best possible composition of useful events to personally develop from them and get the opportunity to receive helpful advice from founders as well as fellow members. Our goal is it to widen the range of events, make them more professional and develop a well working infrastructure within the organization. In order to achieve this target we need highly dedicated people – just like you - who want to be engaged in new projects and believe that we are capable of becoming the leading initiative in the Start Up scene!

As the Manager of External Cooperations you are going to be responsible for forming and implementing firm future cooperations with external organizations and organize memorizable trips for the entire START network.

Main Responsibilities:

- Organize a get together for all START Chapters during the Oktoberfest, cooperate with Bits & Pretzels
- Contact other potential partners and work together with them on a mutually benefitting cooperation
- Make sure that our partner and we work together on a regular basis, e.g. events

This is an excerpt of the areas, which you and your team take over independently and reliably.

Benefits:

- Build relationships with successful organizations
- Increase your international network
- Be part of the START Core team
- Get prioritized access to events with limited capacities e.g. Bits & Pretzels, SLUSH or START Summit
- Strengthen your hard and soft skills
